DETAILED ACTION

Election/Restrictions

New claims 33-58 have been added by the Reply dated on 06/19/2003.

1. Restriction is required under 35 U.S.C. 121:

Group II. Claims 47-57, drawn to process of making a semiconductor device, classified in class 438, and subclass 623.

Because this invention is distinct from the rest of claims and has acquired a separate status in the art as shown by the different classification, the fields of search are not co-extensive. Therefore, separate examination would be required and restriction for examination purposes as indicated is proper.

Examiner's Amendment.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Cancel claims 1-16.

Claims 17-46 and 58 are allowed.

Reason for allowance

The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed Scalable Integrated Data Processing Device wherein the electrical conducting structures are formed by the electrical conducting portions in the sublayer are provided in registering connection with corresponding electrical conducting portions in one or more adjacent sublayers, such that the electrical conducting structures integrated in the sublayers form three-dimensional electrical interconnecting networks in the layers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
